DENTAL VAN UPDATE (COVID-19) 23 March 2020

Dear Customers,

Dental Health Services have advised staff to suspend seeing patients as from Tuesday 24th March 2020 that may require procedures that cause an aerosol ie fillings/restorations.

We will be cancelling patients by phone/emails in the next couple of days. We are sorry for any inconvenience, but the health and safety of your children and our dental staff are important to us.

We will issue new appointments on advice by our Department.

Appointments for exams, fissure sealants, extractions and oral hygiene will still be going ahead.

Patients seeking "URGENT CARE" will be assessed and treated conservatively without involving aerosol producing procedures.

Stay safe and healthy,

Dental Therapy Mobile I Dental Health Services
