

My Place

Paiton Seib

My name is Paiton

I am eleven years old

And this is my place.

It's 2020

COVID-19 hit the world

I am impacted.

I am quarantined

I am forced to stay home

It is frightening.

Many shops opening

But we still have to be cautious

The world is still concerned.

School is different

We wash our hands frequently

We are still worried.

Living history

It changed our world forever

But we will survive!
